

High Efficiency standby diesel generator Set 50Hz 60Hz Easy Installation

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Frequency: 50/60 Hz
- Speed: 1500/1800 RPM
- Type: Diesel Generator
- Cooling System: Water Cooled
- Noise Level: Low
- Efficiency: High
- Operation Mode: Automatic/Manual
- Starting System: Electric Start
- Highlight: **High Efficiency Standby Diesel Generator, 50Hz Standby Diesel Generator, Diesel Generator Set Easy Installation**

Product Description

Product Description:

Cummins Diesel Generator Set is a reliable source of power for various applications. It is designed to provide an automatic or manual operation mode with low noise level. It has a high efficiency engine and is easy to install. It is available in both 50 and 60 Hz frequency and is suitable for home, commercial, and industrial use. The Cummins Diesel Genset Generator is a proven and reliable solution for a wide range of power needs. It is a cost-effective and reliable solution that can be used for both short and long term power needs. It is also easy to maintain and has a long lifespan.

Features:

Cummins Diesel Generator: It is a reliable, efficient and cost-effective diesel generator set.

Noise Level: Low noise level for a comfortable environment.

Control System: Automatic Control system for easy operation and maintenance.

Cooling System: Water cooled system to ensure safe operation.

Installation: Easy installation for quick set up.

Frequency: 50/60 Hz for global compatibility.

Technical Parameters:

Parameter	Specification
Cooling System	Water Cooled
Warranty	1 Year
Control System	Automatic Control
Type	Cummins Diesel Generator
Noise Level	Low
Efficiency	High
Frequency	50/60 Hz
Brand	Cummins
Fuel	Diesel
Operation Mode	Automatic/Manual

Applications:

Cummins Diesel Generator Set, from Minlong, is a reliable, powerful and efficient power source. It is certified with ISO9001 and equipped with advanced control system, water cooling system, electric start system and 1500/1800 RPM. With a minimum order of 1, the price is negotiable and it is usually delivered in 10-15 days with a wood case. It is possible to purchase up to 1000 pieces per week with payment terms such as L/C, D/A, D/P, T/T, Western Union and MoneyGram. What's more, this Cummins Diesel Generator Set is also provided with 1 year warranty.

This Cummins Diesel Generator Set is perfect for a wide range of applications, such as government offices, commercial buildings, hospitals, banks, factories, construction sites, military bases and so on. It can provide stable and reliable power for electrical systems, such as lighting, air conditioning, refrigeration, medical equipment and etc. It is also suitable for backup power in case of unexpected power failure.

The Cummins Diesel Generator Set from Minlong is powerful, reliable and economical. With its advanced control system, water cooling system, electric start system and 1500/1800 RPM, it is ideal for a wide range of applications and provides stable and reliable power. What's more, it is also provided with 1 year warranty and can be purchased up to 1000 pieces per week with payment terms such as L/C, D/A, D/P, T/T, Western Union and MoneyGram.

Customization:

Cummins Diesel Generator for Sale

We have Cummins Diesel Generator for sale. Our Cummins Diesel Generator is of top quality, with brand name Minlong, and can be

used in a wide range of applications. This diesel generator set has been certified with ISO9001 and is available for both wholesale and retail. The minimum order quantity is 1 and the price is negotiable. The Cummins Diesel Generator is packaged in a wood case and can be delivered within 10-15 days. We accept payment via L/C, D/A, D/P, T/T, Western Union, MoneyGram. We can supply up to 1000 pieces per week. The generator has a frequency of 50/60 Hz and is equipped with an automatic control system. The speed is 1500/1800 RPM and we provide a 1-year warranty. If you are looking for a reliable diesel generator set manufacture, contact us today. We are confident that our Cummins Diesel Generator is the best choice for your requirements.
